

## Infection protection during our tours

valid from 01. April 2022

It is very important to us to protect you and our guides from infection. Therefore, the following infection protection rules apply to the tours:

- Our tours take place in **smaller groups** (max. 20 people).
- **If you feel sick or have symptoms associated with Covid-19 (e.g. fever, cough, shortness of breath, loss of taste, etc.), please do not participate in the tour!** This is for the protection of everyone else.
- **If you test positive for Covid19 after the city tour, please inform us.**

We wish you a good and interesting experience with our tour!
